Vocational Education & Training (VET) Certificate Courses

www.safssa.sa.edu.au

Regional VET Programs for 2021 are available for students in years 10, 11 and 12 in the following industry areas:

AUTOMOTIVE	Students will gain automotive industry relevant skills and experiences, and a clear pathway for employment opportunities in the Automotive industry.
BUSINESS	These courses provide an introduction to the industry through the development of practical skills.
INFORMATION AND COMMUNICATIONS TECHNOLOGY (ICT)	The ICT industry is responsible for the storage and transmission of information products via electronic, wireless, optical and other means.
DIGITAL MEDIA	This qualification is designed to reflect the role of employees working in the Multimedia industry including radio, television and live programs.
DOORWAYS 2 CONSTRUCTION	These courses have been developed to provide clear pathways and a range of skills and opportunities for students to prepare for employment in the construction industry.
ELECTROTECHNOLOGY	This course provides basic industry skills and an introduction to the broad range of electrotechnology pathways.
ENGINEERING	These courses provide the opportunity for students to fast track through the early training requirements for many facets of the Engineering and Manufacturing industry.
HAIR AND FASHION	The hair and fashion industry is an important growth industry, which includes some of the most popular personal service professions.
COMMUNITY SERVICES	Courses in Community Services will lead to employment in the areas of health services, childcare, disability services and community development.
HEALTH	This sector provides a wide variety of services including public and private hospitals, primary care services, public health services, specialist medical services and allied health services.
PERFORMING ARTS	These courses have been developed to introduce students to the Performing Arts industry. Programs cover a range of practical skills to provide a pathway to the industry.
PRIMARY INDUSTRIES	Primary Industry pathways include Agriculture, Horticulture, Conservation and Land Management, Stable Hand, Aquaculture and Viticulture.
SPORT AND RECREATION	These courses are designed to introduce students to the Sports and Recreation industry. Courses combine training, equipment setup, supervising recreational activities, facility maintenance, coaching and administration.
HOSPITALITY AND TOURISM	The Hospitality and Tourism industry is a major employer in the Southern & Fleurieu area. These courses prepare students for work in a vibrant and exciting industry through practical experience of food preparation, hygiene and customer service.
MULTI TRADES	Divided into two clusters, the project is available to students interested in exploring skills and knowledge – and potential employment pathways – in the defence and advanced manufacturing, engineering and building and construction industry sectors.

WHAT IS VOCATIONAL EDUCATION AND TRAINING (VET)?

VET refers to national vocational qualifications that are endorsed by industry. VET qualifications provide students with the opportunity to develop specific industry related skills. Students with VET qualifications are well prepared to take on apprenticeships (including School-based Apprenticeships), further education and training, and skilled jobs.

WHAT ARE REGIONAL VET PROGRAMS?

Regional VET programs provide students in years 10, 11 and 12 in Southern Adelaide and Fleurieu region with increased vocational pathway options through a broad range of VET program choices. Regional VET programs are hosted by schools and Registered Training Organisations (RTOs). Students remain enrolled at their Home School, and attend the Host School or RTO for their chosen VET program.

WHAT ARE THE BENEFITS OF CHOOSING A VET COURSE

- Gaining a nationally-recognised qualification while completing your SACE.
- Getting a 'head start' in your chosen career.
- Making your senior school study more relevant and interesting.
- Providing opportunities to learn 'on-the-job' through workplace learning.
- Gaining the skills and knowledge that employers look for.
- Providing pathways into apprenticeships, traineeships, further education or training and direct employment

HOW WILL DOING A VET PROGRAM CONTRIBUTE TO MY SACE?

The flexibility of the SACE enables students to include a significant amount of VET in their SACE studies. The 'SACE Credits' column in the table in this brochure shows the SACE information relevant to each particular course (i.e. number of SACE credits and SACE stage). Please refer to the information in this brochure and also on the SAFSSA website <http://www.safssa.sa.edu.au>. Please also speak to your VET Coordinator for more information.

HOW DO I APPLY FOR A REGIONAL VET PROGRAM?

- Step 1: Read the information in this brochure.
- Step 2: Read the detailed course information for the course/s you are interested in and encourage your parents/caregivers to read this too. This information is available for each course on our website (<http://www.safssa.sa.edu.au>).
- Step 3: Fill out the Student Application Form and hand it to your VET Leader by Friday Week 8, Term 3 (25 September, 2020). See your VET Leader for this form, or download it from <http://www.safssa.sa.edu.au>.
- Step 4: You will be provided with more information about the course from the Host School, including the particular selection and enrolment procedures, which may include an interview. Selection for entry to regional courses will be based on the following principles:
- Demonstrated capacity for independent learning and meeting the requirements of the program.
 - Identified relevant interest and/or experience in the program.
 - Commitment to a post-school pathway in this area.
- Step 5: Applicants will be advised of the enrolment outcome early in term 4.
- Step 6: Applicants may need some further subject counselling at their Home School to ensure that VET course is included in their SACE and school timetable.

SELECTION GUIDELINES

Selection for entry to courses will be based on the following guidelines:

- Identified relevant interest and/or previous work experience
- Identified career pathway
- For Training Guarantee for SACE Students (TGSS), students must meet eligibility criteria

HOW WILL I TRAVEL TO MY VET COURSE?

If students have chosen to participate in a course at another SAFSSA school, parents / caregivers will be required to arrange transport for their child to the training and work placements. Students who drive themselves, take student passengers or are a passenger with another student, must have signed consent Travel in Private Vehicles Form prior to courses commencing.

COURSE FEES

There is a cost for students to undertake any VET course which covers course fees, consumables, equipment and the Registered Training Organisations (RTO's) cost for delivering the course. Invoices will be sent in Week 4, Term 1 and must be paid by the due date indicated on the invoice or an instalment plan must be arranged. Every student must have returned a completed and signed a 'Commitment to Pay Course Fees' form with their initial enrolment. If students provide notification to withdraw from their course after invoices have been sent out, payment of course fees is still required.

TRAINING GUARANTEE FOR SACE STUDENTS (TGSS)

The Training Guarantee for SACE Students (TGSS) is for students who know they want to start a planned vocational pathway whilst still at school as part of their SACE, and then continue after they leave school. Through TGSS, the South Australian Government offers subsidised training with a Training Provider for selected SACE students who are 16 years of age or older, undertaking substantive VET within the SACE and have relevant work experience or VET training. If a VET course you are applying for indicates that it is TGSS, students must complete a Form A along with the application form. For more information please can go to - <http://www.skills.sa.gov.au/> or speak to your VET Coordinator.

WILL I NEED TO DO WORKPLACE LEARNING AS PART OF MY VET COURSE?

Some VET Programs require students to complete Workplace Learning as part of their training in a real or simulated work environment. These placements provide valuable training and mentoring to develop your technical and employability skills.

WILL DOING A VET COURSE AFFECT MY OTHER SUBJECTS?

Some students may miss lessons for other subjects while at their VET course. This means that you will need to be well organised and prepared to negotiate subject learning requirements by working closely with your subject teachers and VET Leader.
